

INDEX TO SCIENTIFIC NAMES (VOLUME 1)

Page numbers in plain text refer to the relevant account. Numbers in *italics* refer to the scientific name in text. Numbers in brackets () refer to the scientific name in a key. Plate numbers are in **bold**.

- acanthias*, *Squalus* 395, 418, 420, 5
Acroteriobatus 565
 andysabini 565, (566), **58**
 annulatus 566, 567, **58**
 blochii (565), 566, **58**
 leucopilus (566), 567, **58**
 ocellatus (566), 567, 569, **58**
 omanensis (566), 567
 salalah (565), 568, **59**
 stehmanni 565, (566), **59**
 variegatus (565), 568, **59**
 zanzibarensis (565), 567, 568
acutidens, *Negaprion* 532, **46**
acutipinnis, *Squalus* (420), 421, 5, **6**
acutus, *Rhizoprionodon* (534), 535, **47**
addisoni, *Electrolux* 553, **55**
adenensis, *Torpedo* 543, 545, 547
AETOBATIDAE 397, (406), 624, **78, 79**
Aetobatus 624
 flagellum 624, **79**
 narinari (624), 625, 626, **78, 79**
 ocellatus (624), 626, **79**
Aetomylaeus 619, 620
 bovinus 619, 620, **78**
 maculatus (620), 621, 622, **77**
 milvus (620), 621, **77**
 nichoffii (620), 622, **77, 78**
 vespertilio 619, (620), 622, **77**
 sp. 620, **78**
africana, *Chlamydoselachus* 410, 411, 2
africana, *Squatina* 396, 450, **16**
africanum, *Poroderma* 490, 491, **33, 34**
alba, *Rostroraja* 591, **67**
albimarginatus, *Carcharhinus* (512), 514, **40, 41**
alcockii, *Bythaelurus* 477
alfredi, *Mobula* (628), 629, 631, **80**
Alopias
 pelagicus 469, 470, **25**
 superciliosus 468, (469), 470, 471, **25**
 vulpinus (469), 470, **25**
ALOPIIDAE 396, (408), 468, **25**
altimus, *Carcharhinus* (513), 514, **41**
ambigua, *Maculabatis* 605, **71**
amblyrhynchoides, *Carcharhinus* (513), 515, 523, **40**
amblyrhynchos, *Carcharhinus* (512), 516, **41, 42**
amboinensis, *Carcharhinus* (513), 517, 524, **41**
ANACANTHOBATIDAE 397, (405), 593, **68**
Anacanthobatis 593
 marmorata 593, **68**
ancylostomus, *Rhina* 562, 57
andamanica, *Cruriraja* 594
andysabini, *Acroteriobatus* 565, (566), **58**
anguineus, *Chlamydoselachus* (410), 411, 2
annae, *Pliotrema* 396, 448, (449), **15**
annulatus, *Acroteriobatus* 566, 567, **58**
Anoxypristis (558), 559
 cuspidata 559, **51**
antarcticus, *Sommiosus* 440, **12**
Apristurus 476, (477)
aquila, *Myliobatis* 623, **78**
arabica, *Maculabatis* (605), 606, **71**
arabicum, *Chiloscyllium* 455, 456, **18**
ARHYNCHOBATIDAE 397, (405), 576, 591, **67**
asper, *Cirrhigaleus* 419, 5
asperrimus, *Urogymnus* 614, 75
Atelomycterus 488
 marmoratus 488, **32**
ater, *Pastinachus* 609, **72**
atromarginatus, *Centrophorus* 425, 426, 427, 7
atzi, *Narcine* 549
austini, *Rhinobatos* 569, **59**
australiae, *Rhynchobatus* 563, 564, 57
australiae, *Rhynchobatus* cf. 57
bachi, *Bythaelurus* 477
barnardi, *Rajella* 588, 590, **66**
Bathyraja 592
 smithii 592, **67**
 tunae 592
Bathytoshia (599), 600
 brevicaudata 600, **69**
 lata 600, **69**
Benthobatis (548)
 moresbyi 548, **54**
bentuviai, *Heteronarce* 553, 554, **56**
biasa, *Telatrygon* 74
bickelli, *Hexatrygon* 597, **69**
bigelowi, *Etmopterus* 395, 432
bineeshi, *Maculabatis* (605), 606, **71**
birostris, *Mobula* (629), 630, **80, 81**
bispinatus, *Euprotomicrus* (443), 444, **13**
blainville, *Squalus* (420), 422, 6
bleekeri, *Pateobatis* 610, **73**
blochii, *Acroteriobatus* (565), 566, **58**
blochii, *Eusphyra* 539, **49**
boesemani, *Halaelurus* 478, **32**
bovinus, *Aetomylaeus* 619, 620, **78**
brachyurus, *Carcharhinus* (512), 517, **41**
brasiliensis, *Isistius* (443), 446, **14**
brevicauda, *Sinobatis* (593)
brevicaudata, *Bathytoshia* 600, **69**
brevicaudatum, *Pseudoginglymostoma* (459), 461, **21**
brevipinna, *Carcharhinus* (513), 518, 525, **41**
Brevitrygon (599), 601
 imbricata 601, 602, **70**
 walga (601), 602, **70**
brucus, *Echinorhinus* 395, 416, **4**
Bythaelurus 476, 477
 alcockii 477
 bachi 477
 clevai 477, **27**
 hispidus 477
 lutarius 477
 naylori 477, **28**
 stewarti 477
 tenuicephalus 477
 vivaldii 477
caeruleopunctata, *Neotrygon* 608, **72**
calceus, *Deania* 428, **8**
CALLORHINCHIDAE 397, (409), 634, **82**
Callorhinchus
 capensis 397, 634, **82**
campbelli, *Dipturus* 577, **61**
capensis, *Callorhinchus* 397, 634, **82**
capensis, *Myxine* 383, **1**
capensis, *Narke* 556, **56**
capensis, *Scyliorhinus* 492, **33**
CARCHARHINIDAE 395, 396, (409), 418, 509, 510, **40–48**
CARCHARHINIFORMES 396, 476
Carcharhinus 511
 albimarginatus (512), 514, **40, 41**
 altimus (513), 514, **41**
 amblyrhynchoides (513), 515, 523, **40**
 amblyrhynchos (512), 516, **41, 42**
 amboinensis (513), 517, 524, **41**
 brachyurus (512), 517, **41**
 brevipinna (513), 518, 525, **41**
 dussumieri (512), 519, **41**
 falciformis (512), 520, **41**
 galapagensis (513), 520, 528, **41**
 hemiodon (512), 521, **41**
 humani (512), 522, **42**
 leiodon (513), 522
 leucas (513), 517, 523, 530, **43**
 limbatus (513), 524, **43, 44**
 longimanus (512), 525, **44**
 macloti (513), 526, **44**
 melanopterus (513), 526, **45**
 obscurus (513), 520, 521, 527, **45**
 plumbeus (513), 528, **45**
 sorrah (512), 529, **46**
Carcharias
 taurus 396, 463, **22**
carcharias, *Carcharodon* 473, 509, **26**
CARCHARIIDAE 396, (408), 463, **22**
Carcharodon (472), 473
 carcharias 473, 509, **26**
caudaspinosa, *Rajella* (588), 589, **66**
cemiculus, *Glaucostegus* (572), 573, **60**
centrina, *Oxynotus* 395, 442, **13**
CENTROPHORIDAE 395, (407), 424, 7–8
Centrophorus 395, (424), 425
 atromarginatus 425, 426, 427, 7
 granulosus (425), 426, 7
 isodon (425)
 moluccensis (425), 427, 7
 seychellorum (425)
 squamosus (425), 427
Centroscyllium 395, (430), 431
 fabricii 431, **9**
 ornatum 430, (431)
Centroscyllium 436, 439
 coelolepis 437, **11**
 owstonii (437), 438, **11**
Centroselachus (436), 438
 crepidater 438, **12**
cepedianus, *Notorynchus* 395, 415, **4**

- Cephaloscyllium* (487), 489
silasi (489), **31, 32**
sufflans 489, **31, 32**
- CETORHINIDAE 396, (409), 471, 26
- Cetorhinus
maximus 471, **26**
- Chaenogaleus 505
macrostoma 505, **38**
- Chiloscyllium 454
arabicum 455, 456, **18**
griseum 455, **18, 19**
indicum (454), 456, **19**
plagiosum (454), 456, **19**
punctatum (454), 456, 457, **19, 20**
- CHIMAERIDAE 397, (409)
- CHIMAERIFORMES 397, 634
- CHLAMYDOSELACHIDAE 395, 398, (407), 410, 2
- Chlamydoselachus 410
africana 410, 411, 2
anguineus (410), 411, 2
- chrysonota, *Dasyatis* 602, **70**
- Cirrhigaleus 418
asper 419, 5
- clevai, *Bythaelurus* 477, 27
- coelelepis, *Centroscymnus* 437, **11**
- comoroensis, *Scyliorhinus* (492), 493, **33**
- compagnoi, *Etmopterus* (432), 433, **9**
- compagnoi, *Leucoraja* 581, **63**
- cowleyi, *Tetronarce* 544, **52**
- crepidater, *Centroselachus* 438, **12**
- crosnieri, *Dipturus* (577)
- crozieri, *Telatrygon* 614, **74**
- Cruriraja 594
andamanica 594
hullei (594), 595, 596, **68**
parcomaculata (594), 596, **68**
- Ctenacis (493), 494
fehlmanni 494
- cuspidata, *Anoxypristis* 559, **51**
- cuvier, *Galeocerdo* 449, 509, **49**
- Dalatius 443
licha (443), 444, **13**
- DALATIIDAE 395, (407), 442, **13–14**
- DASYATIDAE 397, (407), 598, **69–75**
- Dasyatis* (599), 602
chrysonota 602, **70**
- daviesi, *Plesiobatis* 598, **69**
- Deania (424), 428
calceus 428, **8**
profundorum (428), 429, **8**
quadrispinosa (428), 429, **8**
- dipterygia, *Narke* (556), 557, **56**
- Dipturus* (576), 577, 584
campbelli 577, **61**
crosnieri (577)
doutrei (577), 578, **61**
johannisdavisi (577), 578, **62**
lanceorostrata (577)
pullopunctatus (577), 579, **62**
springeri (577), 578, 580, **62, 63**
stenorhynchus (577), 580, **63**
- dissimilis, *Rajella* (588), **66**
- djiddensis, *Rhynchobatus* 563, 564, 57
- doutrei, *Dipturus* (577), 578, **61**
- dussumieri, *Carcharhinus* (512), 519, **41**
- ECHINORHINIDAE 395, (407), 416, 4
- ECHINORHINIFORMES 395, 416
- Echinorhinus* 416
brucus 395, 416, 4
- edwardsii, *Haploblepharus* (480), 481, 482, 483, **29**
- elaineae, *Leucoraja* **63**
- Electrolux* 397, 552, 553
addisoni 553, 55
- elongata, *Hemipristis* 396, 507, **39**
- Eptatretus* 380, 381, 382
hexatrema 381, 382, **1**
octatrema 382, **1**
profundus (382), 383, **1**
- eregoodoo, *Mobula* (629), 631, **81**
- Eridacnis* (493), 494
radcliffei (494), 495, **34**
sinuans (494), 495, 35
- ETMOPTERIDAE 395, 398, (407), 413, 430, **9–11**
- Etmopterus* 395, 413, (430), 431
bigelowi 395, 432
compagnoi (432), 433, **9**
gracilispinis 430
granulosus 395, (432), 434, **9**
pusillus 395, (432), 434, **10**
sculptus 430, **10**
sentosus (432), 435, **11**
viator 430
- Euprotomicrus* 444
bispinatus (443), 444, **13**
- Eusphyra* 538
blochii 539, **49**
- fabricii*, *Centroscyllium* 431, **9**
- fai*, *Pateobatis* 610, **73**
- falciformis*, *Carcharhinus* (512), 520, **41**
- favus*, *Holohalaelurus* 394, 484, 486, **32**
- fehlmanni*, *Ctenacis* 494
- Fenestraja
maceachrani 594
mamillidens 594
- ferox*, *Odontaspis* (464), 465, **23**
- ferrugineus*, *Nebrius* (459), 460, **20, 21**
- flagellum*, *Aetobatus* 624, **79**
- fuscocomaculata*, *Torpedo* 545, 547, **53**
- fuscus*, *Haploblepharus* (480), 481, **29, 32**
- galapagensis*, *Carcharhinus* (513), 520, 528, **41**
- Galeocerdo* 509
cuvier 449, 509, **49**
- GALEOCERDONIDAE 396, (409), 509, **49**
- Galeorhinus* (497), 498
galeus 498, **36, 38**
- galeus*, *Galeorhinus* 498, **36, 38**
- gangeticus*, *Glyphis* 524, 530
- garmani*, *Heteronarce* 553, (554), 555, **56**
- gerrardi*, *Maculabatis* (605), 606, **72**
- GINGLYMOSTOMATIDAE 396, (408), 459, **20–21**
- glauca*, *Prionace* 533, **47**
- GLAUCOSTEGIDAE 397, (406), 565, 572, **60–61**
- Glaucostegus* 565, 572
cemiculus (572), 573, **60**
granulatus (572), 573, **60**
halavi (572), 574, **60**
obtusus (572), 574, **60**
thouin (572), 574, **60**
typus (572), 573, 575, **61**
- Glyphis* (511), 521, 530
gangeticus 524, 530
- gracilispinis*, *Etmopterus* 430
- granulatus*, *Glaucostegus* (572), 573, **60**
- granulatus*, *Urogymnus* (614), 615, 75
- granulosus*, *Centrophorus* (425), 426, 7
- granulosus*, *Etmopterus* 395, (432), 434, **9**
- grennian*, *Holohalaelurus* (483), 484, **30**
- griseum*, *Chiloscyllium* 455, **18, 19**
- griseus*, *Hexanchus* 413, 415, 3
- GURGESIELLIDAE 397, (405), 594, **68**
- Gymnura* 616
natalensis 617, **76**
poecilura (617), 618, **76**
- tentaculata* (617), 618, **76**
zonura 616, (617), 619, 77
- GYMNURIDAE 397, (406), 616, 76–77
- Halaehurus* (477), 478
boesemani 478, **32**
lineatus (478), 479, **28, 32**
natalensis (478), 479, **28, 32**
quagga (478), 480, **29, 32**
- halavi*, *Glaucostegus* (572), 574, **60**
- Haploblepharus* (477), 480
edwardsii (480), 481, 482, 483, **29**
fuscus (480), 481, **29, 32**
kistnasamyi (480), 482, **32**
pictus (480), 482, **32**
- Harriotta 635
raleighana 636, **82**
- heemstrai*, *Okamejei* 584, **64**
- HEMIGALEIDAE 396, (409), 505, **38–40**
- Hemigaleus* (505), 506
microstoma 506, **39**
- hemiodon*, *Carcharhinus* (512), 521, **41**
- Hemipristis* (505), 506
elongata 396, 507, **39**
- HEMISCYLLIIDAE 396, (408), 454, **18–20**
- Heptranchias* 412
perlo 412, **2**
- hesperindica*, *Notoraja* 592
- HETERODONTIDAE 396, (407), 452, **17**
- HETERODONTIFORMES 396, 452
- Heterodontus* 396, 403
omanensis 452, **17**
ramalheira 396, (452), 453, **17**
- Heteronarce* 397, 552, 553
bentuviai 553, 554, **56**
garmani 553, (554), 555, **56**
mollis (554), 555
- Heteroscymnoides* 445
marleyi (443), 445, **14**
- HEXANCHIDAE 395, 398, (407), 411, 2–4
- HEXANCHIFORMES 395, 410
- Hexanchus* (412), 413
griseum 413, 415, **3**
nakamurai (413), 414, **3**
- hexatrema*, *Eptatretus* 381, 382, **1**
- Hexatrygon* 597
bickelli 597, **69**
- HEXATRYGONIDAE 397, (406), 597, **69**
- Himantura* 598, 599, (600), 603
leoparda 603, **70**
uarnak (603), 604, 607, **70**
undulata (603), 604, **71**
- hispidus*, *Bythaelurus* 477
- holcorhynchus*, *Rhinobatos* (569), 570, **59**
- Holohalaelurus* (476), 483
favus 394, 484, 486, **32**
grennian (483), 484, **30**
melanostigma 483, (484), 485
punctatus (483), 485, **30**
regani (484), 486, **30, 31, 32**
- hullei*, *Cruriraja* (594), 595, 596, **68**
- humani*, *Carcharhinus* (512), 522, **42**
- Hypogaleus* (497), 499
hyugaensis 499, **38**
- hyugaensis*, *Hypogaleus* 499, **38**
- Iago* (497), 499
omanensis 499, **38**
- imbricata*, *Brevitrygon* 601, 602, **70**
- indica*, *Neotrygon* 608
- indicum*, *Chiloscyllium* (454), 456, **19**
- Indobatis* (593)
ori (593), **68**
- insolita*, *Narcine* 549, 555

- Isistius* 446
brasiliensis (443), 446, **14**
isodon, *Centrophorus* (425)
Isurus (472), 473
oxyrinchus (473), 474, 475, **26**
paucus (473), 474, **27**
javanica, *Rhinoptera* (626), 627, 628, **79**
jayakari, *Rhinoptera* (626), 627, **79**
jenkinsii, *Pateobatis* (610), 611, **73**
johannisdavisi, *Dipturus* (577), 578, **62**
kajae, *Pliotrema* 396, 448, (449), **15**
kamoharai, *Pseudocarcharias* 467, **24**
kistnasamyi, *Haploblepharus* (480), 482, **32**
kuhlii, *Mobula* (629), 631, **80, 81**
laevis, *Rhynchobatus* 563, 564, **57**
lalannei, *Squalus* (420), 422
Lamiopsis (511), 530
temminckii 531
Lamna (472), 475
nasus 475, **27**
LAMNIDAE 396, 398, (408), 472, **26–27**
LAMNIFORMES 396, 463
lanceorostrata, *Dipturus* (577)

INDEX TO COMMON NAMES (VOLUME 1)

This index lists only the common names used in this book for the family accounts. This has been done in recognition that the common names in the text are mostly used in South Africa and by English speakers, and that different common names are used in other countries around the Western Indian Ocean.

Page numbers in plain text refer to the relevant account. Plate numbers are in **bold**.

- | | | | | | |
|---------------------|-----------------------|--------------------|--------------------|------------------|-------------------|
| Angel sharks | 450, 16 | Goblin shark | 466, 24 | Roughsharks | 441, 13 |
| Bamboo sharks | 454, 18–20 | Guitarfishes | 565, 58–60 | Sandtiger sharks | 464, 23 |
| Basking shark | 471, 26 | Gulper sharks | 424, 7–8 | Sawfishes | 558, 51–52 |
| Bramble sharks | 416, 4 | Hagfishes | 381, 1 | Sawsharks | 448, 15 |
